

BRAJA

BARBERA DEL MONFERRATO DOC

The best Barbera grapes are grown from the historic Braja vineyard in Terruggia Monferrato to give life to a wine of great warmth and harmony, distinguished by the unmistakable spicy and floral cherry puree, typical of the grape.

Braja has good acidity, giving crispness and making it easy to drink. Its aroma is intense with notes of marasca cherry and ladies' lipstick, typical of Barbera del Monferrato. Very warm and harmonious.
